The DIMMER VIEW

by Max Goodwin

Anxious Reader:

The fate of the Padres is still in flux. It is almost a certainty that the team will not play in Washington. Maybe the team will play in San Diego for another year if the courts are unable to unravel the financial complications in time for scheduling next year's games.

The reason is basic. Visiting teams get 27½ cents on every paid admission over 50 cents. The Padres get a pretty good wad of dough when they play in cities that draw as many as 25,000-35,000. But the same teams suffer when they come to San Diego and get paid on the basis of 3,000-5,000 admissions.

Logic would suggest that owners of the league will hold out for a city that outdraws San Diego. Attendance record of Washington's most recent team, the Senators, indicates that Washington isn't the place other teams would want to go for their 27½ cents a person.

A word of warning. Logic doesn't always hold sway in the slightly tilted world of sports.

Uncle Sam; Fairy Godfather

Because the emphasis has always been on the American's responsibility to give aid to the world's unfortunates, few questioned that role. In fairness, it should be admitted that some of this help was unwanted, unneeded and even harmful. Yet the Good Ol' American was there, reaching for his wallet, bulwarking the projects, many of which were schemes dreamed up by petty government employees with a lot of time on their hands and silliness in their heads.

Some projects, those in South America and Asia, have earned us the enmity of millions of people — people with whom we shall not have a normal relatioinship during our lifetime.

Government spokesmen and writers from foreign countries have ridiculed us in return for our generosity. Not that applause was required, but someone, somewhere, could have said we were doing good and that our contributions were useful.

As far as can be ascertained, no such word came from outside our shorelines. But a Canadian television commentator came close to it. Actually, what he said was that we are damned fools for giving it away. The reporter is Gordon Sinclair who broadcasts from Toronto. Rep. Henry P. Smith of New York thought the remarks were so good he had them entered in the U.S. Congressional Record.

Sinclair's remarks have been edited slightly in the interest of space.

"The U.S. dollar is taking another pounding on German, French and British exchange, hitting the lowest point ever in W. Germany.

"It has declined there by 41% since 1971 and this Canadian thinks it is time to speak up for Americans as the most generous and possibly the least appreciated people on earth.

"As long as 60 years ago I read of floods on the Yellow River and the Yangtze. Who rushed in with money to help. The Americans. They have helped control floods on the Nile, the Amazon, the Ganges and the Niger.

"This year the rich bottomland of the Mississippi was underwater and no foreign land sent a dollar to help.

"Germany, Japan, and to a lesser extent, Britain and Italy, were lifted out of the debris of war by the Americans who poured in billions of dollars and forgave other billions in debts.

"None of those countries are paying even the interest on its remaining debts to the United States.

"When the franc was in danger of collapsing in 1956, Americans propped it up and their reward was to be insulted and swindled on the streets of Paris. I was there. I saw it.

"When distant cities are hit by earthquake it is the U.S. that hurries in to help — Managua, Nicaragua, the most recent example. This spring 59 American communities were flattened by tornadoes. Nobody helped.

"The Marshall Plan, the Truman Policy, all pumped billions upon billions of dollars into discouraged countries. Now newspapers in those countries are writing about the decadent warmongering Americans.

"Wouldn't you like to see one of those countries that is gloating over the erosion of the U.S. dollar build its own airplanes?

"Does any other country in the world have a plane equal to the Boeing Jumbo Jet, the Lockheed Tristar or the Douglas 10? If so, why don't they fly them? Why do all international lines except Russia fly American planes?

"Why does no other land on earth consider putting a man or woman on the moon?

"Talk about Japanese technocracy and you get radios. Talk about German technocracy and you get automobiles. Talk about American technocracy and you find men on the moon, not once, but several time — and safely home again.

....."Talk about scandals and Americans put theirs right in the store window for everybody to look at.

"Even their draft dodgers are not pursued and hounded. They are here on our (Canadian) streets, and most of them, unless they are breaking Canadian laws, are getting American dollars from Ma and Pa at home to spend here.

"When the Americans get out of this bind — as they will — who could blame them if they said 'the hell with the rest of the world. Let someone else buy the Israel bonds. Let someone build or repair foreign dams or design foreign buildings that won't shake apart in earthquakes.

"When the railways of France, Germany and India were breaking down through age, it was the Americans who rebuilt them. When the Pennsylvania Railroad and the New York Central went broke, nobody loaned them an old caboose. Both are still broke.

"I can name 5,000 times when Americans raced to the help of others in trouble. Can you name even one who raced to the Americans in trouble? I don't think there was outside help during the San Francisco earthquake.

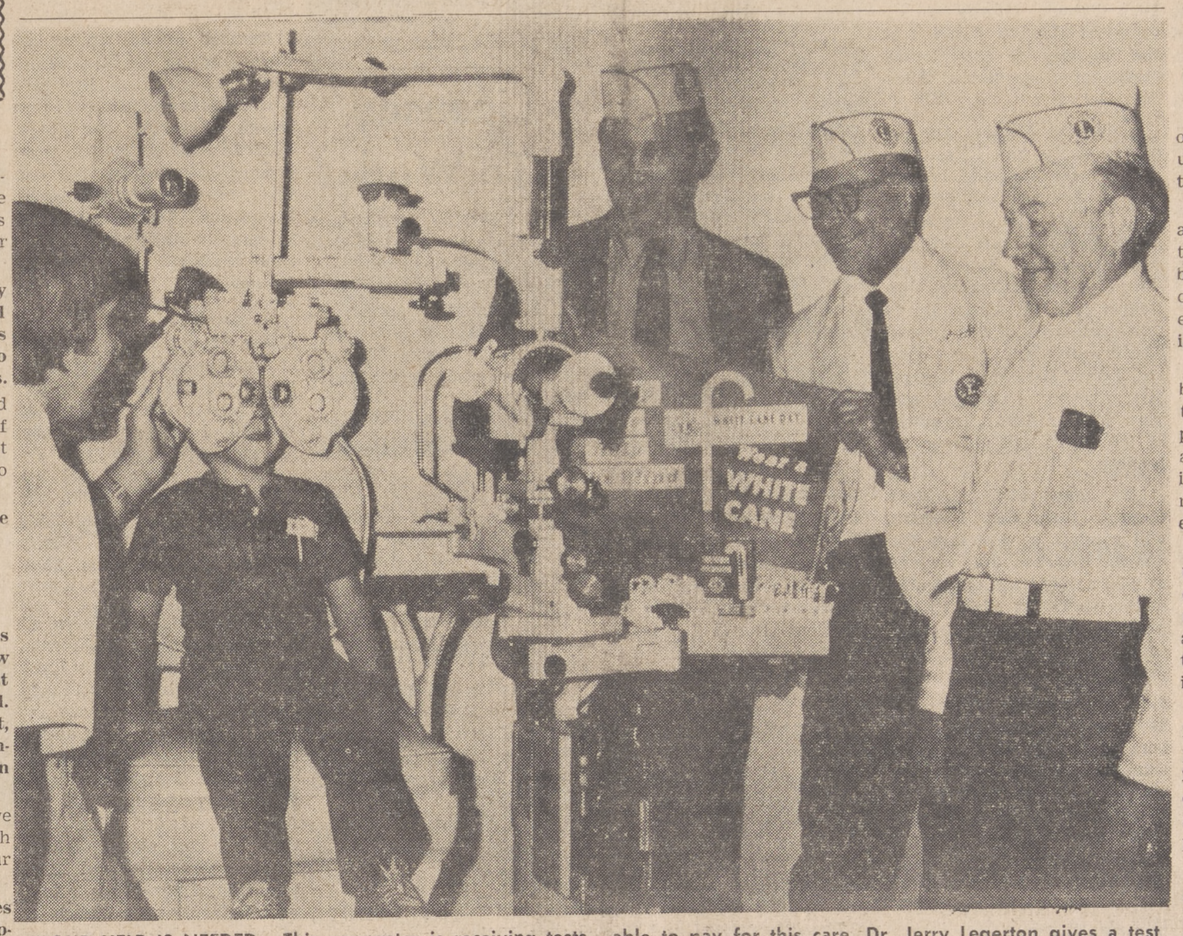
"Our neighbors have faced it alone and I'm one Canadian who is damned tired of hearing them kicked around. They will come out of their present problems with their flag high. And when they do they are entitled to thumb their nose at the lands that are gloating over their present troubles.

"I hope Canada is not one of these.

"But there are many smug, self-righteous Canadians.

"And finally, the American Red Cross was told at its 48th annual meeting in New Orleans recently that it was broke — with a half year before new funds will be available. This year's disasters have taken it all and nobody has helped."

Broadway Rip-up Ends Mid-December



YOUR HELP IS NEEDED — This youngster is receiving tests to aid in insuring that proper eye care will not hamper his growth and education. The Lemon Grove Lions are now actively conducting a fund drive to aid those that are unable to pay for this care. Center Islands, Traffic Curbs To Reduce Hazards

Lemon Grove's major thoroughfare—Broadway—may be under construction right up to the Christmas holidays.

The stretch between Olive and Kempf streets—about a third of a mile—is presently being renovated. Changes include traffic control curbs at each side of the road and an island down the center.

In addition, Broadway will be closed at Main st. during the week of October 15-19 to permit the San Diego, Arizona and Eastern Railway to raise its tracks. Traffic will be routed west over North and east over Pacific-Golden.

Such was the message given to board members of the Lemon Grove Chamber of Commerce Thursday by representatives of the County and of the Daley Corp., the contracting firm.

Gary Andrews, spokesman for Daley said that the completion contract expires Dec. 27 but the target date is December 1st, presumably to accommodate holiday shoppers.

Jim Panek, a County Engineer, said the modification would include left turn lanes at the Broadway-Imperial intersection with phased lights for better control of traffic.

Paul O'Shea, a County Traffic Engineer, said he has recommended that mid-block cross-walks on Broadway be eliminated. "They give false security to pedestrians," he said. Last month a severe injury occurred to pedestrians in the Broadway crosswalk.

One contribution to safety is the elimination of the bottleneck between Olive and Main streets. The strip is notorious for "fender-bender" incidents—more have occurred here than on any similar strip in the County.

When completed, the Olive to Kempf strip will be properly aligned. Four-foot parking control curbs (actually sidewalks) will allow controlled parking access. Between Imperial and Kempf there will be a mid-break in addition to the enter-exit open ends.

The Imperial to Grove center island will also have a single break in it—about midway—with left turn pockets and U-turn OK signs. There will be no parking on the outside of the traffic control curbs.

Executives of the Chamber, as late as last year, attempted to convince property owners to form a service district by which the parking control curbs could be moved nearer the buildings to permit parking on the outside of the curbs. Petition passers were unable to get the necessary signatures.

In other business, Helen Myers, secretary, said the First National Bank has renewed the office lease for two more years at $50 a year—a bargain!

Rita Wells, who represents the Chamber as well as the Lemon Grove Woman's Club, told the board that the woman's group has agreed to finance the town's Christmas decorations this year.

Lemon Grove School to Close For 'Professional Growth' Day

Lemon Grove schools will be closed Monday.

It's education's Professional Growth Day and all employes will be present for inservice education. Missing from the scene, but probably enjoying it, will be the district's students.

Sessions for all employes begins at 8 a.m. Certified employees will meet at Palm Junior High. Classified employees will meet at L.G. Junior High. The classified staff program will consist of departmental inservice meetings in addition to large group meetings with District Superintendent Dr. Robert Sutton. The program is designed to help to understand better he relationship of district goals, staff reductions and public relations to the varied support roles within the classified group.

Teachers and administrators will have an inservice program "Enabling Behaviors" under the direction of Dr. Arthur Costa of Sacramento State College. His program will help teachers and principals examine those teaching behaviors that research has indicated to be of the greatest significance in helping students attain their highest learning potential within the classroom.

Dr. Costa is also chairman of the curriculum and instruction committee at Sacramento State College.

School takes up Tuesday at the regular time.

Lemon Grove VFW Post Presents Flags Here

The Lemon Grove Veterans of Foreign Wars Post 2082 conducted an American Flag presentation at the Spring Valley Sanitarium and Rest Home, 9009 Campo rd., Spring Valley, Saturday.

The Honorable Lionel Van Deerlin, Representative of the 41st District, presented the American Flag to Jr. Vice Commander James King representing the Commander of the Post, Oscar Lenning, who in turn presented the Flag to the Sanitarium officials, honoring the 12 veterans now at the Sanitarium.

A new outside flagpole had been erected for this special event. Participating in the ceremonies were Past Commander Anthony Subilosky, Jr., Vice Commander James King, Auxiliary President Mrs. Anthony Subilosky, Past Auxiliary President Mrs. Oscar Lenning, Chairman of the Hospital Volunteers Mrs. Ruby Cook and her Committee members Mrs. Mildred Pierce, Mrs. Helmina Cummings and Mrs. Marge Bretano.

Refreshments were served by the Rest Home to the many guests including residents of the Nursing Home and their families.

A similar American Flag presentation was made by VFW Post No. 2082 on Sunday, at the Alvarado Convalescent Hospital, 6599 Alvarado rd. at 2 p.m.

Presentation was made by Commander Oscar Lenning, assisted by Past Comander Anthony Subilosky, and John Moriarty. Auxiliary President Mrs. Anthony Subilosky and Past Auxiliary President Mrs. Oscar Lenning were Flag and Banner carriers.

Free Teen Dance Set for Oct. 11

The Lemon Grove VFW is holding its fourth teen-age dance Friday Oct. 11, 7-11 p.m.

The dance idea was originated several months ago when youngsters said they had no such recreation locally —which they didn't.

The dance is free — but youngsters must obtain tickets in advance. None are available at the door. Tickets may be obtained by calling Joe Nelson, Ken Moffett or John Killam at the Post. The number is 465-1992. Or call Sheila Nuemeister at 460-84444. Or by going to the Post at 2885 Imperial ave.

Music will be a five piece rock-'n-roll band. Free soft drinks and hot dogs will be provided. The dance is fully chaperoned and there has been no trouble at the other three.

A change of days was announced for the fifth dance.

LG White Cane Days Kickoff Friday

The Lemon Grove Lions Club 1973 White Cane Days will be held Friday and Saturday, Oct. 5 and 6, according to Fred Dixon, chairman of the event.

The drive will help in obtaining special needs for the blind and depends on contributions to keep the program active. Part of the annual events collection will go to funds such as those used to provide the Lemon Grove Lions School Vision Screening.

The program started in 1971 in Lemon Grove Elementary schools to provide comprehensive sight screening for all kindergarten and first grade children.

More than 1500 students have been screened. By 1975, all children in Lemon Grove Elementary schools will have been screened. An estimated 18-percent of those screened are found to have problems requiring further professional care.

The Lions feel that early detection is the best preventive measure yet only three percent of the children entering school have had a professional vision examination.

Sales Tax Drops To Five Percent

Fifty million dollars less per month in revenue will be clinking into the state's coffers when a one percent reduction in the state's sales and use tax rate became effective on Oct. 1.

State Board of Equalization member John W. Lynch said the state's sales tax rate dropped to five percent, the level where it was prior to the July 1, 1973 increase.

Lynch advised that during the past few weeks the Board has been notified California's more than 432,000 retailers of the rate change. The changeover is expected to be implemented more smoothly than the July 1 increase when only a few hours were available to accomplish the task because of last minute efforts to forestall the raise.

The new lower tax rate will remain in effect for six months, at which time on April 1, 1974, the tax is scheduled to increase one cent on the dollar, and the Board will again be faced with notifying the retailers and the public of the change.

Tax reimbursement charts and other sales tax information are available at the Board's field offices located throughout the state.

SV Executive Aids '73 United Way

Everett Bidwell of Spring Valley is now serving as a loaned executive in the United Way campaign to raise $6.9 million for nearly 80 San Diego countywide human care agencies.

This year over 40 leading San Diego business firms, organizations, and Labor groups are donating the full time of one or more executives for ten weeks to assist in the campaign. They are responsible for approximately 70 percent of the money raised.

Drug Pushers-Users Target Of New Task Force

By Ed Grantham

A new three-agency task force, comprised of the San Diego County Sheriffs Office. The San Diego Police Department and Federal agents have commenced operations in this area with emphasis on the drug dealer.

Lt. Lawrence Nash of the San Diego Sheriff's Office said they are looking for the dealer in drugs but were not going to forget that there are users.

The integrated narcotics agency was established last week and drug pushers and users in the Lemon Grove and Spring Valley area are part of the county-wide target.

Nash said the combination of agencies would end the duplication of effort on the part of law enforcement agencies and would lead to a pooling of efforts.

This pool would then lead the enforcement officials to a pusher or user with less overlapping of efforts. However Nash pointed out that the systems such as "We Tip," and other information sources would still be in effect.

Nash urged anyone with information leading to the arrest of drug pushers call their "hotline," at 236-2947 and pass on their message. It is an answering service he pointed out, but the message would be acted upon, he said.

The use of drugs in San Diego County are a point of concern for the police and federal agencies. Nash said the flow of drugs from Mexico were easily available here and it was a target for the team.

A routine check with the Lemon Grove Sheriff's Patrol Station for the past week indicated that six area residents were arrested fo the possession or use of drugs.

Some incidents of drug usage was reported by finds on the grounds of Mt. Miguel and Monte Vista High Schools in the past week. Others were incidents where officers of the Sheriff's Department were making routine investigations.

Sheriff John Duffy indicated that small cities were unable to contribute manpower to the drug program when announcing the forming of the new task force. This manpower usage under the new system may drive the drug pusher underground and could aid in the education of parents in the use of drugs. However, as one Sheriff's Department official said, "There is an indication that the drug usage of teenagers here in Lemon Grove and Spring Valley has become so common-place that many don't care or overlook it."

To Coin a Phrase . ..

Lemon Grove Sheriffs Patrol Station has received two recent separate incident reports that business firms were duped when a young man turned in rolled coins for bills at their cash registers.

In both cases the coins turned out later to be washers resembling coins. The youth indicated that his name and address were on the coin rolls and left before the cashier checked the rolls.

Sheriff's Deputies are searching for the suspect.

Fine Arts Recital Set For Friday

Grossmont College's Office of Community Services will present the Montagnana Trio in an evening recital at 8 p.m. Friday, Oct. 5 in the Fine Arts Recital Hall. Formed in London in 1968, the Montagnana Trio features John Gates, clarinetist; Caroline Worthington, cellist and Delores Stevens, pianist. The trio made its debut recital in London's Wigmore Hall and since then, the trio has performed, broadcast and recorded on both sides of the Atlantic.

Because of the unique instrumentation of the trio—string, woodwind and keyboard—composers have written works especially for them. Each member of the trio is an accomplished soloist. The trio will perform works by Loellet, Brahms, Lutoslawski and Beethoven during their evening concert at Grossmont College.

A native of Los Angeles, Gates left for London in 1966 to study with Gervase de Peyer, Sidney Fell and Jack Brymer. In one year of study at the Royal College of Music, he graduated with two degrees, two recitals and appeared as a soloist with the orchestra. Gates, with his wife, cellist Caroline Worthington, originated the Montagnana Trio.

Miss Worthington studied at the University of California, Los Angeles with Edgar Lustgarten, Nickolai Graudan and Gabor Rejto. While there she won the Attwater Kent award for four consecutive years as well as the George M. Newell Prize for performance at the Academy of the West. She was one of eight talented young cellists selected from hundreds of applicants to take part in the now famous series of master classes conducted by Pablo Casals.

Miss Stevens joined the Montagnana Trio as pianist in 1970. Presently a member of the resident faculty piano quartet at Mount Saint Mary's College in Los Angeles, Miss Stevens studied piano with the noted Bach authority Jan Chiapusso. She is a founding director of the seven-year old Concert West series in Los Angeles and in the spring of 1971 she played the premiere performance of a piano concerto by Matt Doran.

The public is invited to enjoy an evening recital featuring this talented young trio. There is no charge for admission.

Ford Foundation Fellowship Won By Spring Valley Girl

Judith Anne Antell, 903 Park Brook st., Spring Valley, a student of Sociology at the University of California at Santa Barbara has been awarded a Ford Foundation graduate fellowship for the 1973-74 academic year.

Judith, 24, is the daughter of Mr. Richard Antell and the niece of Mrs. Audree Kansler of Spring Valley.

It was one of 570 such awards to American Indians, Mexican Americans, Puerto Ricans, and Black Americans. A total of $6 million was allocated for this year's fellowships and their renewals.

The awards are designed to increase the number of minority-group members pursuing careers as scholars or college teachers. Over the past seven years some 1,200 American Indians, Mexican Americans, Puerto Ricans, and Black Americans studying toward a doctorate have received Foundation assistance under this and previous minority fellowship programs.

The fellows, chosen from more than 2,200 applicants, were required to meet the following criteria: they must be U. S. citizens engaged in or planning to pursue a career in higher education, they must have strong academic abilities, and must be enrolled in or planning to enter a U.S. graduate school offering the doctorate in their field of study. Fellowship awards are made to the applicants, who choose the institutions they wish to attend.

The awards are made for one year, but are renewable if the fellow maintains satisfactory progress toward the degree. The fellowships, which average $6,300, cover full tuition and fees and a monthly stipend of $250 to help meet living costs. A married fellow may apply for an additional stipend of $50 a month for his or her spouse and each dependent child.

In a nation-wide competition, multi-racial commitees composed of nationally distinguished faculty members and scholars in various disciplines recommend the winners to the Foundation.

Oct. 11, 9:15 a.m.—Mrs. D. Tiffin, 333 Vista del Tscuela, El Cajon 92021.

LA Convent Players At SV Church Sat.

The Covenant Players of Los Angeles will be hosted by Trinity Presbyterian Church of 3902 Kenwood dr., Spring Valley, in celebration of World Wide Communion Weekend, Oct. 6.

Originated in 1963 by Charles Tanner, Covenant Players is a non-profit, self-supporting interdenominational group which has given over 130,000 performances in ten countries since its conception. It has a repertoire of more than 300 one act plays and shorter vignettes that run in lnegth from 5 seconds to one and one half nettes that run in length from any time slot be it Sunday Morning Worship or an evening program of drama.

The plays are written without emphasis of specific denominational theology but rather to challenge people to a re-evaluation of whatever their prsonal commitmnt may be or hopefully to initiate a commitment. It should provide a diversified program that is both entertaining and challenging.

Girl Scout Troop Visits Disneyland

Junior Girl Scout Troop 1017 from San Miguel School enjoyed a day at Disneyland on Saturday, Sept. 29.

The trip was financed by the girls in the troop with the money they had earned and saved from the annual cookie sale last spring. All the girls in the troop sold over 30 boxes of cookies and 5 girls sold over 100 boxes each. Those girls were Danita Oswalt, Susie Bierly, Lisa Riska, Carla Barnhill and Susan De Giatano.

Enjoying a full fun day at Disneyland were the following girls: Carla Barnhill, Beverly Ward, Carmella Panico, Michelle Wylie, Treasa Downs, Carrie Wilkes, Susan De Giatano, Lori Holley, Susie Bierly, Danita Oswalt, Tina Manazino, Ronna Heplang, Charlotte Lauve, Lisa Riska, Leslie Marline, Robin Hagan, Tina Lehmann and Heanette Schurkens.

Mrs. Rod Carver, wife of the pastor of the Spring Valley church, said plans are under way for a Halloween party for youngsters of the church, the details to be worked out at a later date.

A purple martin bird is said to be capable of eating more than 2,000 mosquitos a day.

Health Talk Slated

Mrs. Elaine Hiel, M.P.H., a nutritionist for the San Diego County Department of Public Health, will discuss "Newtrition" during the second program of the continuing series titled "Here's To Your Health" at 7:30 p.m. Tuesday, Oct. 9 in the Ben Polak Fine Arts Center, 8053 University ave, La Mesa.

During her presentation, Mrs. Hiel will emphasize the "new" in weight control diets. She will discuss the vogue of general nutrition, health foods, label regulations and consumer involvement. Mrs. Hiel, a graduate of the University of California, Berkeley with a masters degree in public health, has been associated with the San Diego Department of Public Health as a nutritionist since 1967.

The public is invited to attend this program in nutrition and its importance in maintaining good health that is cosponsored by Grossmont College's Office of Community Services and the San Diego County Library. There is no charge for admission.

Mt. Miguel's Band Test Is Saturday at Fallbrook

Mt. Miguel High School's marching band performs in its first competition of the 1973-74 season Saturday morning in the Fallbrook Parade.

Director Dean Immel and a trimmed-down 98-piece Matador musical group are to step off shortly after the 11:30 a.m. starting time. The band, selected from the overall 160-piece aggregation, will be preceded by the 10-girl Banderette front unit and followed by the Miguel cape corps.

Alan Myers is the drum major and Debbie Rilling leads the Banderettes.

The Matadors captured a first place in last year's Fallbrook competition, scoring 93.4 of a possible 100 points. Orange Glen High took the sweepstakes title with 94.5 points.

Fallbrook is the first of three parades leading to the Autumn Band Review which annually determines the San Diego city-county representative in the Pasadena New Years Day Parade. Following Fallbrook, Mt. Miguel will participate in the Columbus Day Parade, Oct. 13, and the Poway Parade, Oct. 20.

Students in the music department have begun selling tickets to the 15th annual Autumn Band Jamboree to be held in Aztec Bowl at the San Diego State University campus, Nov. 10. Tickets are $1.

New Pastor

The Spring Valley Lord of Life Lutheran Church will install Ron White as pastor Sunday Oct. 7 at 4 p.m. at the church located at 950 Luther dr., Spring Valley.

A graduate from California Lutheran College and Wartbery Seminary, White was assistant pastor in Newport Beach and Canoga Park. He is married and has two children.

Higher Utility Bills Begin This Week

The San Diego Gas and Electric Co. has been granted authority to increase gas and electric rates in the County, it was announced Friday by the Public Utilities Commission.

The increase will produce an additional $6,377,300 which is said to be needed to cover the higher cost of fuel.

The increase goes into effect this week and will cost the average household 47 cents more a month.

Reduction of natural gas supplies is said to be the basis for the increased charge.

A medium-sized boiled, pressure-cooked, or baked potato has about 100 calories.

Mt. Miguel Plastics Course Offers Way Into New Career

Vocational plastics teacher Tom McGrath must feel like he has one of those problems "even your best friend won't tell you." Tom is one instructor for the Regional Occupation Program's career plastic's course, which is being offered in the newest, and possibly the finest, facility in San Diego. Yet, the class enrollment is disappointingly low.

The problem, as Tom sees it, stems from last Spring, when classes began in the new facility before it was completed. Enthusiasm for the new class was high, and the flood of applications was such that students had to be turned away prior to the beginning of the semester. Unfortunately, construction lagged behind schedule, and when the Spring semester began the building wasn't complete, and all of the equipment had not arrived.

"We had to spend the first six weeks of the course in the lecture room and reading books," Tom said. As a result, "The word went out that this was a bummer course, that all you did was sit in a classroom." Soon, the equipment arrived, and the class was in full swing, but by that time "the grapevine was already in operation."

This Fall, the new facility is ready to live up to its potential of six months ago, but the students have not materialized. As a result, the registration period for the class is being extended to allow all interested students to enroll.

The class is one of the type which is termed "open-ended," which means that it is designed for students of varying skill levels. Because the instruction is largely on an individual basis, students may progress at their own speed, and students with prior experience may begin with more advanced work while beginning students will start with the basics. One advantage of this type of class is that a student may enroll at almost any time without being behind.

A special effort has been pledged to help students who enroll in the class at this time.

Plastics course is open to any adult, free of charge, and is designed to teach enry-level skills for employment in industries utilizing plastics. Many adults take advantage of R.O.P. programs to learn new skills in order to change careers or for job advancement.

The course is also open to high school juniors and seniors of employable age. Any adult in San Diego County may enroll in the course. The course is being offered in four sections. Two sections meet during the day from 7 a.m. to 10 a.m. and from 10 a.m. to 1 p.m., and an evening class meets on Mondays and Wednesdays, from 6:30 p.m. to 9:30 p.m. A Saturday section meets from 8 a.m. to 2:30 p.m.

The new facility, which cost $77,680, consists of two buildings and a separate storage shed, with 3,744 square feet of usable space. Equipment available allows for training in fiberglassing, including use of a chopper gun (a device which chops up and sprays out fiberglass material, much like a paint spray gun, only larger, and training in injection molding and thermoplastics.

Any interested person may enroll by simply attending the section meeting of his choice, and filling out the appropriate application form. The classes are held at the R.O.P. Facility, on the campus of Mt. Miguel High School, 1800 Sweetwater Road, Spring Valley.

James Gamble To Give Talk On Housing

The advantages and disadvantages of all types of housing — homes, apartments and condominiums — will be discussed in depth by James R. Gamble, supervisor, home ownership counseling unit of the Consumer Affairs Project, at 1:30 p.m. Wednesday, Oct. 10 in the College Grove Shopping community hall during a program titled "Housing—Happiness or Hassle?"

The fourth program in the continuing "Buyer Aware" series, cosponsored by the San Diego County Library and Grossmont College's Office o Community Services, will provide information, cautions and considerations involved in renting, leasing or purchasing housing.

Gamble, with the Consumer Affairs Project, Inc. since July 1972, has worked with the San Diego Housing Authority, Model Cities Relocation and Housing Assistance Program, San Diego Leased Housing Program, Federal Housing Administration, (FHA), Contractor's State License Board, San Diego Building Inspection Department and the Logan Heights Real Estate Board. He has conducted research on the housing needs of the elderly and low-income residents aimed at achieving the best possible housing for these groups. He is presently engaged in home purchase counseling, complaint procedures, landlord-tenant rights and FHA and VA housing programs.

The public is invited to attend and learn how to better handle situations that can arise when renting, leasing or purchasing housing. There is no charge for admission.

Woman Offered Weight Control Training Course

The opportunity to lose unwanted pounds and tone up the body will be offered by Grossmont College in a special weight control class for women. Titled "Effective Weight Control for Women Through Exercise and Nutrition," the course will be offered at 5 p.m., Tuesdays, commencing Oct. 2 in room 423, physical education building.

With Marcia Testa serving as instructor, the course will combine exercise and lectures on nutrition that will assist women who wish to lose or limit their weight. Lectures will include the hpsiology and psychology of weight control, diet and nutrition. Exercise will include jogging various calisthenics, and selected weight lifting to tone up specific muscle groups.

If you have a weight problem and can't lose those unwanted pounds, this special course may provide the solution. A nonrefundable registration fee of $1.00 for the entire course of 13 sessions will be collected at the first meeting.

SV Library Presents Tips On Shopping

"Tips on Shopping for the Consumer" will be discussed the Spring Valley Library Wednesday, Oct. 17, at 10:30 a.m., by Mrs. Agnes Eubanks, public health educator, San Diego County Department of Public Health, Mrs. Eubanks will share ideas on how to choose items from the retail shelves, having in mind the safety and health of the buyer. Patrons and friends attending this free program will have the opportunity of asking questions and discussing individual thoughts on the subject.

Everyone is invited to attend. There will be activities for the young who attend with their mothers.

Dear Editor:

I protest the increase of the Helix Water District "meter service charge" of $5.30 bimonthly, which first appeared on our July bill for the small home owner.

I am willing to pay for what water I use, but the additional meter service charge is too much. I am concerned about the many retired people with a fixed income. This arbitrary setting of the meter service charge "whether we use the water or not," was poor judgment of the Board of Directors. Our house could sit empty for months and still the $5.30 would be charged.

Mr. Miller, manager, said this $5.30 charge includes "fixed costs such as billing, collecting, repairs, insurance and others." How did they pay these things before they had the income from the meter service charge? And they plan to increase the rates still further next month! And there is also a yearly tax charged!

Higher authorities should look into this.

Ill Pets Linked To Snail Poison

A statement released by the San Diego County Veterinary Medical Association links the use of snail and slug baits with a sharp increase in the number of dog poisonings throughout the state.

According to Dr. R. Mortimer, chairman of the California Veterinary Medical Association's ecological studies committee, most snail and slug baits contain a deadly mixture of arsenic and metaldehyde. It is the metaldehyde portion that is responsible for also all of the deaths due to snail bait poisoning.

Metaldehyde will produce seizures in dogs within ten to forty-five minutes after being ingested depending upon the amount of poison eaten and how much food may already be in the stomach.

The baits apparently are as attractive to dogs as they are to snails and slugs. Pets will seek out the bait in the garden, in storage containers, or even chew open bags. In pellet form, snail bait will maintain its toxicity for many months, even after several rains.

A dog poisoned with metaldehyde will soon begin to breathe rapidly and shallowly. Within a few minutes, the animal seems to lose his equilibrium and staggers as though he were drunk. This is quickly followed by severe twitching, falling over, inability to rise, and violent jerking of the victim's entire body.

The San Diego County Veterinary Medical Association warns that there is no specific antidote for metaldehyde poisoning. Standard treatment consists of sedating animals, to the point of anesthesia if necessary, in order to stop the convulsions.

Then there is the long wait for the dog's bodily processes to detoxify and eliminate the poison. The process may take from a few hours to as long as two days. During this time, heating pads, muscle relaxants, artifical respiration or oxygen therapy may at one time or another have to be employed to save the dog's life.

The most important factor in successful treatment of metaldehyde poisoning is starting therapy as soon as possible. If a dog is taken to a veterinarian before too animal's stomach can be safely emptied and the effects of the poison can be diminished. by storing snail and slug baits

Poisoning can be prevented much time has passed, the where pets cannot reach them. Pets and metaldehyde-containing baits should not occupy the same yard. The granular form of the poisons will not persist as long as the pelleted form. However, check the yard thoroughly for remaining bait before allowing the dog to re-enter the area.

The first major league no hitter in the Atlanta Stadium was thrown by Phil Niekro.

Minibiking Means Maxi-Danger In Opinion of Safety Experts

Information gathered by the Department of Safety indicates that minibiking often means maxi-danger. This supports the contention of the Motorcycle Industry Council that parents who turn their children loose with minibikes might just as well hand them loaded guns instead of cap pistols.

More than 2,000,000 minibikes will be putt-putting along, turning cartwheels, overturning and crashing into obstacles and autos by the end of this year — most of them in the hands of children 10 to 14 years of age. At least 75,000 youngsters will be injured or killed in minibike accidents in 1973, two-thirds of them victims of skull fractures, according to official projectiions.

The U.S. Department of Transportation reports that most of the casualties will occur in collisions with motor vehicles on forbidden streets and highways. Another Federal agency, the Natioinal Highway Traffic Safety Administration, warns that more and more children who become owners of the 500,000 minibikes sold each year will be needless victims unless parents recognize the dangers involved — and do something about them.

The Safety Administration pinned the responsibility directly on parents to keep childhood dreams of cycling from turning into nightmares because most miniycyclists are too young to qualify for drivers' permits. Since minibikes are sold for use off the road, they are not covered by Federal motorcycle safey standards or by automobile insurance policies.

This means, government officials advise, that parents should check with their insurance agents to determine whether liability or accident coverage is available to minibikers and their families.

If a family is intent on providing a child with a minibike, the place to start with safe operation is with the selection of the vehicle, safety researchers said. Parents were advised to look for a bike with good brakes, proper wheel suspension and covered drive chain and exhaust equipment.

A parent should insist on a thorough briefing for himself and his child on operation and maintenance of the new minibike. An instruction manual should come with the cycle.

The next step should be a store where the child is outfitted with protective clothing — sturdy boots or shoes, heavy trousers, a long-sleeve shirt or jacket, gloves and the best helmet obtainable — and in the brightest, most visible color.

The Highway Safety Administration recommends helmets with the Shell Memorial Foundation seal of approval or a U.S. Z-09 rating to provide maximum protection. Goggles or a face shield are also advisable.

Ready for a ride? Not yet. Now the minicyclist has to find out what makes the wheels go around — running over a checklist of parts to be examined before every ride to assure proper maintenance and then learning to ride under close parental supervision.

He must master the controls and learn to reach them quickly and automatically. The first ride should be slow and easy. The child must demonstrate that he can start and stop as quickly as the machine will permit. He needs to run through the gear shifts a number of times, be able to ride in circles and figure 8's and then make a few emergency stops.

Once he is qualified to ride, he has to find a place in which to pursue his hobby. Safety authorities insist that minicycles should be ridden only in supervised areas, such as grass or dirt tracks and special trails. The Government and the Safety Council recommend that parents should organize and oversee safe cycling clubs.

Grossmont Majorette On Goodwill Tour

It's halftime, most of the crowd is rushing to the concession stand to grab hot dogs, The remaining crowd is treated to the performance of Grossmont's Band and its majorette Shari Gainor.

For Shari, grasping the baton has become habit. When her friends were pampering Barbie and Ken, Shari spent three hours daily, practicing baton routines and methods.

Remember how proud you were when you won that puny trophy in the three-legged race as a kid? Upon entering the Gainor residence you are greeted with so many gold and silver trophies that you think you're in Fort Knox.

After nine years of twirling, Shari is still striving to improve. She makes trips to Los Angeles biweekly, for tutoring from three teachers. She teaches baton, herself, here in San Diego.

As a guest of the Lion's Club of Peru Shari is currently touring that country. She is serving as a good-will ambassador and will perform in Trujillo.

Upon returning she will begin to prepare for an important November contest. At that time she will go to the Long Beach Arena to compete in the Western Band Review. The top five bands will get a shot at the nationals held in St. Paul Minnesota.

After being asked what her chances of taking nationals are Shari replied "If I perform to the best of my capabilities I stand an excellent chance."

Twirling is not just a hobby for Shari because it will allow her to receive a full time scholarship from the Purdue Boilermakers who have one of the top marching bands in the country.

DMV Will Toughen Motorbike Tests

Motorcycle riders will face more intensive driver license testing in the future as the result of a new program announced today by State Director of Motor Vehicles Robert C. Cozens.

Pointing out that more than 200 motorcyclists were killed in California during the first half of the year and about 7,000 were seriously injured, Cozens said that drivers license examiners in his department will undergo in-depth training to make them more proficient at testing rider skills.

The training program is being funded by a $110,000 grant from the California Office of Traffic Safety.

"There are presently more than 600,000 motorcycles registered for on-highway use in California," Cozens pointed out. "About 120,000 riders are licenced every year. This proliferation of riders makes it mandatory that our licensing procedures be scrutinized and tightened where necessary."

California has been issuing special licenses for motorcyclists since 1968, but DMV examiners have never had the opportunity before to evaluate riding skills in depth. To fulfill its traffic safety responsibilities the Department of Motor Vehicles will provide all examining personnel with intensified training which will enable them to effectively evaluate motorcyclists' skills.

"Motorcycle safety demands that the driver possess critical skills above those of the average automobile driver," Cozens stated. "And only an examiner who is thoroughly familiar with these skills can evaluate the cyclist to insure that he does, indeed, possess them."

Looking For A Job? This Might Help

Are you seeking employment in the tight job market but don't know how to make a connection? If you face this dilemma. a new course offered by Grossmont College's Office of Continuing Education could be your answer. Titled "How to Get a Job," the course will be offered in ten two-hour sessions at 7 p.m., each Thursday commencing today in the Adult Career Guidance Center located in Suite 213 of the Fletcher Parkway Center, 450 Fletchher Parkway, El Cajon.

"How to Get a Job" will show you "how" by providing vocational interest testing, training in job application skills and resume writing techniques. Vocational counselor Edward C. Mueller, will serve as instructor. Mueller, a supervisor in a local hospital, will use video taped mock interviews followed by critiques and job search props to provide a realistic approach to the course.

Mexico Location Of New Explorama Presentation

Explorama has announced their 1973-74 series of feature length color travel adventure film documentaries. The new season consists of seven films, all with in-person narration by their producers.

The premier showing of a new film entitled "Winter In Mexico," has been billed as the opening event of the season and will be shown at 8:15 p.m. Tuesday, Oct. 16 at the Civic Theatre in San Diego. The program will be narrated in person by its producers, National Geographic lecturers Lisa Chickering and Jeanne Porterfield.

The film has been in production for over two years. The photographers spent over a year on location in Mexico doing the filming. The film has been acclaimed as the finest documentary ever produced about life in Mexico. It was shot on location in Mexico City, San Miguel De Allende, Taxco, Acapulco, Puerto Vallarta, San Blas, Mazatlan, Lake Chapala, Cuernavaca, Guadalajara and at the Mayan Ruins of Chichen Itza and Uxmal and the ruins of Teotihucan.

Lisa Chickering and Jeanne Porterfield, the producers were recently honored with Blue Ribbon awards at the American Film Festival. They also have their own film company and their assignments have taken them to all corners of the world. In addition to motion picture photography, they also do still work and have had exhibits in Washington, New York, London and Paris.

Other films in the new series, all with in-person narration, are "Scotland Afore Ye" with Jonathan Hagar on Nov. 6; "Turkey" with Willis Butler on Jan. 21; "Yugoslavia" with Thayer Soule on Feb. 26; "Shakespeare's Britain Today" with Eric Pavel on March 12; "Return To Hunza" with Renee Taylor on April 18; and "To Austria With Love" with Kenneth Richter on May 14.

Reserved seat single tickets and series tickets are now available at all Metro Ticket Agencies, Highlander Stores and Civic Theatre Box Office. A brochure describing the series is available by writing to or calling Explorama, P.O. Box 11427, San Diego 92111, (714) 236-6510.

Under State mandate, local San Diego County funds support state-directed regional functions such as the courts, jail, district attorney, probation, and rehabilitation services.

New Law Requires Safety Devices On All Boats

SACRAMENTO — The Department of Navigation and Ocean Development has issued a reminder to all California boatmen concerning life jackets.

All recreational vessels, powered or nonpowered, are required to carry Coast Guard approved flotation devices. A new law separates devices into five types. Only the first four types are acceptable aboard pleasure craft. All approved wearable devices, such as life preservers or life vests, are Type I, II or III. Throwable devices, such as the bouyant cushion or the ring life buoy, are classified as Type IV.

New regulations require a Type I, II or II (wearable device) aboard every vessel over 16 feet in length except canoes and kayaks. In addition, every boat in this category must carry one Type IV aboard. Boats less than 16 feet in length and all canoes and kayaks are only required to carry any one of the Coast Guard approved Type I, II, III or IV devices for each person aboard. Water skiers are counted as persons on board.

The Department has issued an informative pamphlet describing the types and designs of approved personal flotation devices, and the requirements for all sizes of boats. Boaters may obtain the pamphlet "You May Only Need It Once . . ." at no cost by writing to the Department of Navigation and Ocean Development, 1416 Noth st. Room 1336, Sacramento, 95814.

Golf Tourney To Draw 200

Two hundred San Diego golfers will compete Tuesday, October 23, at San Vicente Country Club, San Diego Country Estates, in the $7,000, PGA PRO-AM Tournament, the biggest one-day Pro-Am held in the county.

Chuck Jones, San Vicente Club Pro, said invitations have been sent to the county's top professional touring and home golfers, who in turn will each invite two amateurs. San Vicente Country Club will furnish the other amateurs. Play will be the two best of the foursome. Prizes will be awarded for team play as well as cash prizes for individual winners.

Jones said the beautiful Ted Robinson designed course has never been in better shape.

"Through the summer the course has matured to a point of fast becoming one of the nation's finest," he said.

The par 72 course is located in the cool, scenic San Vicente Valley, where several hundred century-old oaks highlight the natural setting of the greens.

Jones said many great golfers are expected to be among the pros, including Tommy Jacobs, from La Costa Country Club, a former Southern California PGA champion and ouring professional,,Jack Bell, touring professional, Jack Bell, pro at the La Jolla Country Club, John Ruedi, from Coronado, and Bob Gutwein, from Rancho Bernardo, president of the San Diego Chapter of the PGA.

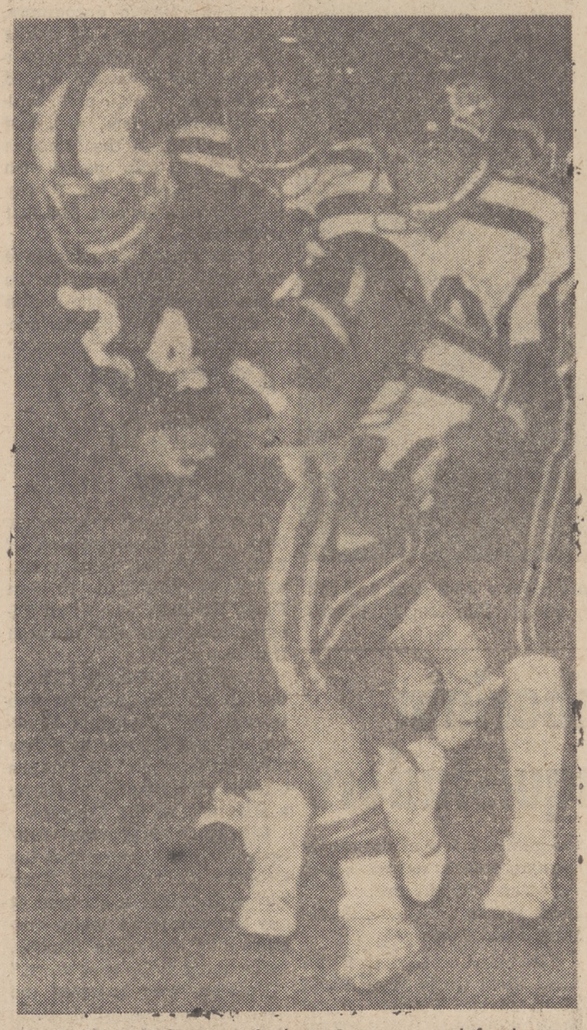
The field will begin teeing off at 7 a.m. and the last starting time will be 1 p.m.

Mt. Miguel Falls To Sweetwater After Holding A 13 Point Lead

by Bill Ott, Jr.

SPRING VALLEY — Mount Miguel travels to Santana tomorrow night to open their 1973 Grossmont League campaign after blowing a 13-point lead in their final tune-up scuffle against the highly-rated Sweetwater Red Devils last Friday night on the Matador field. Sweetwater scored 20 points in the second quarter to overcome the Matadors, 20-13.

Last Friday night's affair was rugged for the two teams who are among the top five in the San Diego area. The winning Sweetwater team fumbled the ball eight times, losing possession five times, while the Matadors managed to drop the ball six times, the Red Devils recovering on three occasions.



IT TAKES THREE — It took three Sweetwater defenders to stop Mount Miguel's Tom Gallagher in last Friday night's action the Matador field. The standout half back finished the evening with 126 yards in 27 carries in the 20-13 loss to the Red Devils. (Bill Ott, Jr. Photo)

The Matadors failed to execute after having the ball in good field possession on numerous occasions. The Matadors were inside the Red Devil 10-yard line four different times, but failed to hit paydirt. Two of the scoring bids were stymied by fumbles.

Mount Miguel looked impressive in the first half, collecting nine first downs, 93 yards rushing and 48 yards through the air and 13 points.

The Matadors got on the scoreboard quickly, recovering a Sweetwater fumble on the Red Devil 37. Two plays later the Matadors scored on a 31-yard jaunt by Tom Gallagher. The PAT kick attempt failed and the Miguel charges led 6-0.

Miguel's second tally came when Henry Koa recovered a fumble on the Devil 25. Again it was Gallagher that scored, running in from the three. Jess Jenner added the PAT for a 13-0 lead.

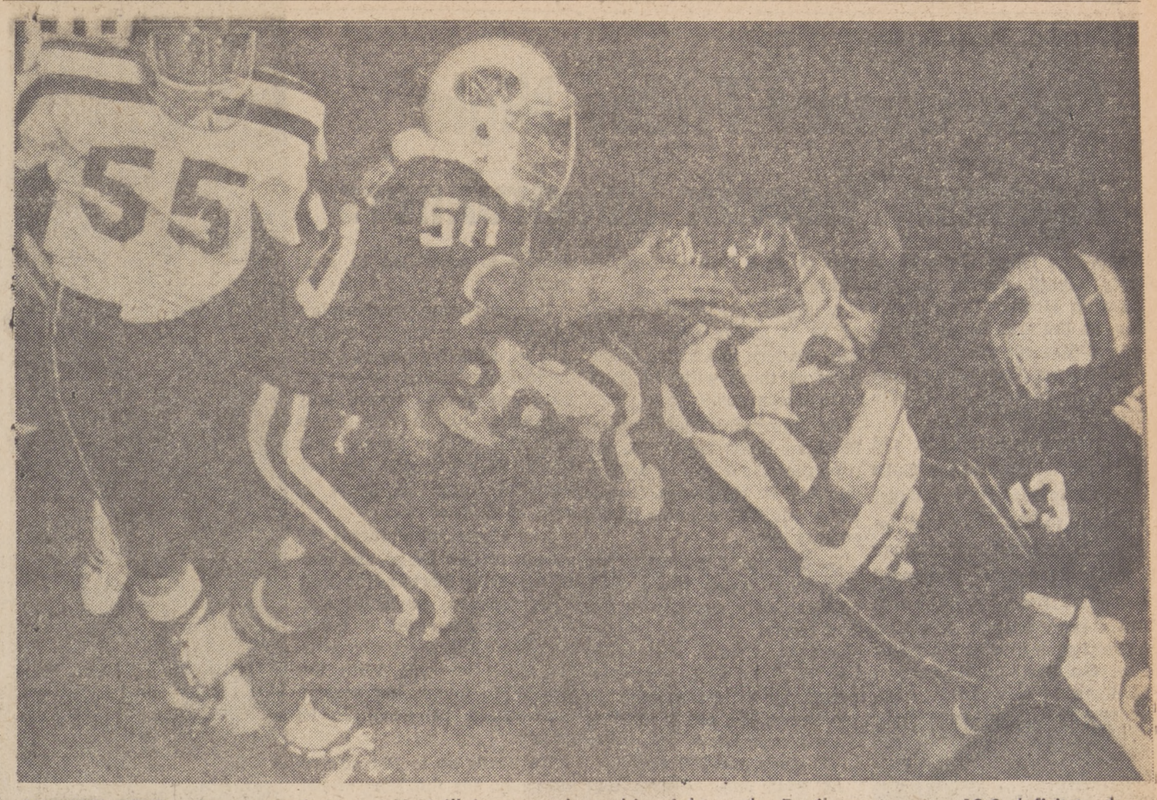
It was another big night for Gallagher. The strong halfback carried the ball 19 times in the first half for 108 yards and two touchdowns. However, Sweetwater stopped the big back in the second half and he finished the night with 126 yards on 27 carries.

Sweetwater exploded for their 20 points quickly in the second quarter. One of the big plays was a 56-yard reverse by receiver Jason Dunn. The scoring play came just after Ron Schrader broke the ice for the Red Devils on a seven-yard scoring play. With Miguel ahead 13-12, Schrader put the visitors ahead with a five-yard run. Lenny McNeill ran the PAT for two points and a 20-13 lead at the half.

In the second half both teams had problems moving against fired-up defenses. Mt. Miguel was able to move the ball for just 18 yards during the entire second half, while Sweetwater moved the ball on occasion, but failed to muster a serious threat.

Score by Quarters

Sweetwater	0	20	0	0—20
Mt. Miguel	13	0	0	0—13



SLIPPERY DEVIL — Sweetwater's Lenny McNeill is stopped by Mount Miguel defenders Buddy Kornegay (50) and Mike Jones (43) after a short gain. The slippery running back had a big night as the Devils overcame a 13-0 deficit to drop Matadors, 20-13. Matadors open Grossmont League title bid tomorrow night at Santana. (Bill Ott, Jr. Photo)

Church Plans Bazaar

The Lemon Grove Congregational church has set Oct. 13 as the date of its annual bazaar to be held in its meeting hall at 2770 Glebe rd.

The sale, starting at 10 a.m., will feature arts, crafts, handiwork, home-baked goods and knicknacks.

A spaghetti dinner will be served 4-30-8 p.m. A snack bar is provided and there will be games for children.

Inflation is said to be increasing more rapidly in West Germany than in the U.S.

LG Woman's Club

The Vogue section of the Lemon Grove Woman's Club has begun their new club year with Mrs. Clyde West as Chairman. Their first social event of the new season will be a membership dinner.

The dinner will be held at the club house, 2810 Main st., Oct. 15 at 6:30 p.m. In keeping with Columbus Day, an Italian dinner will be served. A program of general interest will conclude the evening. Hostesses for the evening will be Mrs. A. Burke, E. Bellows andn J. Winbury.

Chacon Floors Ramos; Hafey Returns Oct. 12

2,200 fight fans turned out Friday for the Bobby Chacon-Jorge Ramos fight at the new Coliseum.

It was a pretty good turnout considering it was one of the hotter nights of the year and Mickie Davies, Coliseum impressario, had announced that Chacon was ailing and had not worked out until the day before the fight. That was enough to keep the Coliseum from filling to capacity (3,300).

Ramos, a nifty featherweight from Argentina by the way of San Jose, should be pleased that Chacon was not in perfect health. He got floored in the first and third rounds and when his eyes glazed at 2:23 of the 10th, referee Bobby Rings stopped the fight. That brought boos, catcalls and a thunderstorm of paper cups into the ring.

Chacon, ranked sixth worldwide, is now 20-1, and needed to make no apologies for his physical condition. Weights: Chacon, 130; Ramos, 127½.

In the second 10-rounder, a middleweight fray, Renato Garcia of Los Angeles substituted for Dave Love on a few hours notice. Love claims to have injured his back but a better theory is that he has a championship fight coming up in Sacramento on October 13 against George Cooper. Maybe prudence told him to ignore his contract at the Coliseum—a matter the boxing commission frowns upon—so that he would be in better shape for Cooper. In an event, Garcia took a unanimous decision over Jose Martin Flores of San Diego.

In two six-round prelims, Felix Gasso of San Ysidro gained a draw with Rudy Acuna of Van Nuys in the 136 pound class. But Gasso had to make a strong stretch drive to gain the split. Featherweights Felix Garcia of San Diego and Rod Contreras of Los Angeles also earned a draw in the only uninteresting fight of the evening.

Coliseum fans will probably turn out in goodly numbers for the next Coliseum card on October 12. The highly rated Filipino battler, Ad Zapanta will engage the fighter who may become featherweight king—Art Hafey. Hafey is a killer-puncher and attracts capacity crowds here. The matchup should make reservations hard to come by. Hafey, unbeaten, has won his last 18 fights by knockouts.

And if that isn't enough, Davies is attempting to line up a third 10-rounder with Renata Garcia. His opponent will probably be announced later this week.

Toreros Seek Third Straight From Pomona

USD used Pomona College as its kickoff point for winning five straight football games last year. Saturday, the Toreros hope to build their current win streak to three when they host Pomona in a 7:30 p.m. USD stadium encounter.

Radio station KSDO (1130) will broadcast the game.

Saturday, head coach Andy Vinci will send his squad out for its last home game until Nov. 3. USD ran its record to 2-1 last week with a 34-14 win over Occidental. That effort followed a 35-7 victory against Claremont.

Tailback Rich Paulson scored twice to maintain his pace of two touchdowns a game and should head a Torero ground attack which also includes tailback Sammy Croom, all-time USD rushing leader. Paulson now has 237 yards in 31 carries for a 7.6 average while Croom has 117 in 30 and a 3.9 average.

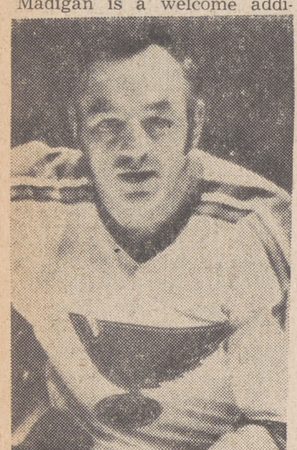
It's Hockey Time Again

Gulls Opener Friday Night Against Phoenix Roadrunners

The San Diego Gulls begin their eighth season in the Western Hockey League Friday, at the San Diego Sports Arena. The opponents will be the Phoenix Roadrunners, the defending champions of the WHL. Faceoff is 8 p.m.

Familiar names, both old and new will be in the Gulls lineup this season. The latest addition to the blue and orange is rugged defenseman Connie Madigan, purchased last week from the St. Louis Blues organization. A villain to local fans during his years with the Portland Buckaroos, Madigan is a welcome addi-



tion to the San Diego lineup.

Another new face, but a familiar one to local fans is foreward-defenseman Roger Lafreniere. Also purchased from the St. Louis Blues, Roger played most of the last four years with the Denver Spurs in the WHL. He will also be in a Gull uniform on Friday.

Madigan has played a total of 13 of his 14 pro years in the Western Hockey League, most of those with the Portland Buckaroos.

An aggressive defenseman, Madigan holds the WHL all-time record for career penalty minutes. In 746 games, Connie has spent 1744 minutes in the penalty box.

He has made the WHL All-Star team seven times, four of those as a member of the first team. A high scoring blue-liner, Connie still holds the WHL record for most assists by a defenseman in one season, 59, set in 1970-71. His career mark is 444 points on 94 goals and 350 assists.

At goal, John Adams will be teaming up with veteran Bob Champoux. Adams was a key figure in the trade that saw Ken Broderick make the move to the Boston Bruins. Defenseman Ray Fortin, also involved in the trade will be wearing a Gull uniform. Adams is scheduled to start Friday.

Bernie Gagnon, another player acquired in the off season will be centering one of coach Jack Evans lines. A second year pro, Bernie scored only 3 goals in his first 32 games with the Denver Spurs. Sent to Ft. Worth (CHL), Gagnon powered home 25 goals in only 36 games!

And a man who started the season in San Diego and ended up with Portland is now back with his powerful slap shot. Jim Stanfield, a favorite during his short stay with the Gulls is back. With the two WHL teams last season, Jim scored 24 goals in 68 games.

The Gulls go to Phoenix on Saturday, for the Roadrunner home opener and then return to the Sports Arena on Sunday, for a 7 p.m. battle against the Seattle Totems.

All Gull games home and away can be heard live on KOGO Radio 60 with Mike Lange calling the play-by-play.

SUCCESSFUL EFFORT—Mount Miguel's Chris Palazzolo (62) goes over blocker to bat down Sweetwater punt in last Friday night's action. Matadors blew a 13-0 lead and fell to Red Devils, 20-13. (Bill Ott, Jr. Photo)

Griffs Salvage 17-17 Tie Clash With Palomar Sat.

A 30-yard field goal by Marv Brown with eight minutes left in the football game Saturday, allowed the Grossmont College Griffins to Salvage a 17-17 tie with arch-rival Southwestern College.

Brown had a chance to win the game with his toe, but the 23-year old place-kicker had a 43-yard boot sail wide in closing 18 seconds.

This was by far Grossmont's weakest overall performance of the three games this season. Maybe it was the sun's rays—the game was played in the afternoon — or a cocky attitude, but the Griffins were playing follow-the-leader in first quarter as Southwestern grabbed a 14-0 lead.

About the only offensive performer of any note was Griffin tailback Frank Woolrich who bowled through the Southwestern defense for 106 yards and two touchdowns on 24 carries. It gave the 5-11, 195 pound sophomore 394 yards rushing and five touchdowns for the young season. He is rapidly approaching the school rushing record of 773 yards set by Bart Williamson in 1968.

Quarterback Joe Roth hit 10 of 20 passes for 101 yards and tight end Bill Helms made four catches for 31 yards.

Grossmont, standing third in the Mission Conference rankings with a 1-0-1 rating, could pick up some ground this Saturday if the Griffins' can beat Palomar at 7:30 p.m. on the Escondido High field.

Saddleback and San Diego City, currently tied for first place at 2-0, meet head-on Saturday at Mission Viejo.

Off-Season Camping Tickets Available

Off-season camping tickets are now on sale at most units of the State Park System, the State Department of Parks and Recreation reported today. A book of 10 tickets sells for $10, and each ticket is good for a night of camping in a family campsite at most state parks that have camping facilities. Prices during the regular season are $1.50 for primitive campsites, $3 for developed campsites, and $4 for trailer-hookup sites.

State Parks Director William Penn Mott, Jr. noted that the special rates for off-season camping are designed to encourage the use of park units throughout the year and thus avoid some of the overcrowding during the summer vacation season.

"Thus, an increase in off-season camping will help to achieve some of the principal goals of the Department: to interpret the environment, and to provide high-quality recreation experience for the people of California."

The $10 off-season ticket books are available at any state park, beach, or recreation area that offers camping, or by sending a $10 check or money order to the Department of Parks and Recreation, P.O. Box 2390, Sacramento, Ca. 95811.

The cost of operating the Peace Corps for a year is in the neighborhood of $77 million.

Wilt 'The Most' Chamberlain To Lead San Diego Conquistadors

The most dominant force to ever play pro basketball has come over to the ABA.

Wilt Chamberlain . . . the man who eptomized the surge in popularity of pro basketball . . . has signed as player/coach with the San Diego Conquistadors of the American Basketball Association.

Chamberlain holds "most" records in points, goals attempted, goals made, rebounds, minutes played, free throws attempted and scoring average.

The announcement was made by Q's owner, Dr. Leonard Bloom, at a press conference in San Diego.

"When I acquired this franchise I promised the fans that I would bring superstars onto the San Diego sports scene", said Bloom. "Wilt is just the first . . . there will be others."

"It was also a promise", continued Bloom, "that I would do everything within my power to bring a championship to this city and the acquisition of Wilt Chamberlain must be regarded as a positive step in that direction."

"We are the youngest team in pro basketball with an average age of 24.4 years per player," said Groza, "and now we have a man with Wilt's experience working with these young men. I can only say that everything points to a very bright future for the San Diego Conquistadors."

Chamberlain, holder of 36 pro basketball records (including 18 which he set or tied last season) is the most influencing player to ever play the game. A few of the career regular season records which he owns outright are:

Most Points	31,419
Most Field Goals Attempted	23,497
Most Field Goals Made	12,681
Most Minutes Played	47,859
Most Rebounds	23,924
Best Scoring Average	30.1

Chamberlain played in 1,045 consecutive games without fouling out and his single game accomplishments include: Free Throws Attempted (32), Free Throws Made (28), Most Field Goals Made (36), Most Field Goals Attempted (63) and Most Rebounds (55). He has also had 72 regular season games in which he has scored 55 points or better. He has scored 1,000 points or better during each of his thirteen pro seasons and his single game output of 100 points against the New York Knicks is still a pro basketball high which seems unreachable.

GC Harriers Top Palomar

Bob Larsen isn't being cocky when he says the toughest competition is behind his Grossmont College cross country team in the 1973 chase for the Mission Conference championship.

"There's no doubt in my mind that Palomar was the team to beat," the Griffin coach said following Grossmont's 19-39 victory over the Comets Friday afternoon at Palomar. The Griffins completed the season-opening double-dual sweep by taking Saddleback, 15-50.

Sophomore Terry Cotton led the way for the Griffins as he broke the Palomar course record with a time of 20:28, 22 seconds better than the old mark.

Grossmont's No. 2 runner Gary Close pulled a mild upset in the meet as he edged Palomar ace Lee Dick for the runner-up spot to Cotton. Close was clocked in 21:02, while Dick had a 21:09 reading.

The Griffins also grabbed fourth, fifth, seventh and eighth places. Mike Breen was fourth at 21:38; Bob Wilson was fifth at 21:42; George Pullen was seventh at 22:18; John Blair was eighth at 22:41; Dan Cisco was 15th at 24:13 and Dave Mills was 16th at 25:22.

Grossmont now faces Citrus College Friday on the Owl's course. The Owls are considered the No. 3 cross country team in the conference.

Friday's twin win increased Grossmont's win streak to 31 and 30 straight in the conference.

Chargers (2-1) to Try Unbeaten Steelers Sunday

San Diego lost to the Cincinnati Bengals Sunday in a Professional football game that left much to be desired in quality and in enthusiasm.

The score was 20-13—a mere touchdown from a tie—but it wasn't quite as esthetic as that. The Chargers registered 11 fumbles and lost the ball five times. The Bengals, six and four. In the first quarter it appeared that the ball was red hot. Neither team wanted it. There were back-to-back fumbles and turnovers twice in a matter of minutes.

There were 48,076 fans in the stands. They gave Coach Harlan Svare a round of boos when he was introduced. They gave a standing ovation to Johnny Unitas when he broke the 40,000 yard passing mark. And another one to Gary Garrison when he was helped from the field after he made a nifty catch and run of Johnn's U's pass, but suffered a separated shoulder in the process.

Sunday, the Pittsburgh Steelers walloped the Houston Oilers 36-7. They're the only unbeaten team in the American Conference. They beat Detroit 24-10 and Cleveland 33-6. And the Chargers face them in Pittsburgh Sunday. The game will be telecast over ch. 10.

Coach Svare explained last Sunday's loss to Cincinnati thusly: "All due credit to the Bengals. They've got an excellent running game and two top backs in Essex Johnson and Charles Clark. Cid Edwards should be ready for us this week. We need him to get our ground game going."

A note on the next home game. The game scheduled to be played against the Oakland Raiders at Oakland is being transferred here. The game will be played at the S. D. Stadium on Oct. 14 at 1 p.m. due to a conflict with the baseball playoffs.

'73 League Play Friday Pits Monte Vista-El Cap

SPRING VALLEY — Monte Vista and El Capitan, two teams with explosive offenses and stingy defenses, open the 1973 Grossmont League season tomorrow night on the Monte Vista turf. Kick-off is 8 p.m.

Both teams, not expected to accomplish too much this season, have been surprises in two non-league encounters, both taking perfect 2-0 marks into tomorrow night's league opener. The Monarchs nipped Clairemont, 10-6, and walloped Bonita Vista, 40-0, last Friday night on the Monarch greenery. El Cap opened with a 34-6 triumph over Poway and blasted Madison, 34-8, last weekend.

Monte Vista took advantage of several breaks early in the game to embarrass the Bonita Vista outfit. The Barons succumbed early as the Monte Vistans romped to a 20-0 first quarter lead and took a 27-0 score into the halftime intermission.

Kent Vinson opened the scoring spree for the Monarchs with a 22-yard scoring jaunt. Jeff Godwin's PAT kick attempt was blocked. Mitch Bonilla changed the numbers on the scoreboard with a 29-yard touchdown pass reception from quarterback Steve Perdue. Godwin's PAT boot was good for a 13-0 lead in the first stanza. David Haynes put the third Monarch tally on the board in the first period with a 63-yard punt return. Godwin added the PAT for a first quarter 20-0 lead.

Haynes' punt return was a wild effort. He dropped the punt, recovered the ball five yards back, then sprinted 63 yards for the score. Godwin again added the PAT for a 20-0 first quarter lead.

Lance Schulte put the game on ice early in the second period. Intercepting a pass on the Baron 31, he zipped the distance for a touchdown and with Godwin's PAT the Monarchs held av comfortable 27-0 lead.

A third quarter Perdue to Vinson pass gave the Monarchs a 33-0 lead. The 10-yard aerial was one of six completions in 12 efforts attempted by Perdue. He finished the evening with 77 yards and two touchdowns through the air.

In the fourth quarter Bonilla scored his second touchdown of the night on a 10-yard pass from Tom Wright. Godwin added the PAT for the 40-0 final.

The Monarchs again showed a tough defense, allowing the Barons just 15 yards rushing on 23 attempts. The Barons gained 109 yards through the air for a mere 124 yards total offense.

While the defense was having another good night, the offense rolled easily, gaining 180 yards on the ground and 87 yards in the air in accumulating 14 first downs.

Aztecs Face Cougars in Grid Test

The pupil meets the teacher in a classic confrontation of unbeaten football powers Saturday at 7:30 p.m. in San Diego Stadium when San Diego State hosts the Houston University.

Aztec coach, Claude Gilbert, the pupil, has adopted the teacher Bill Yeoman's Houston offense, thrown in a few modifications to fit State's offense and figures to throw a stiff test at the Cougars.

Gilbert told Sportscasters/Sportswriters Monday that the Cougars are "awesome. They can explode like a shotgun at any minute. If we make mistakes like we made Sunday, we're going to be shot down."

Yeoman, who invented the Veer offense out of desperation in 1964, has built the Cougars into a national power and has Houston rated 15th in the nation before a 35-21 win over previously unbeaten Memphis State. Houston is 3-0 on the year, having topped Rice and South Carolina before the Memphis State game. It was Houston who stopped San Diego State 49-14 to hand the Aztecs their only loss of the season.

San Diego State also comes into the game with an unblemished 2-0 record, beating Kent State 17-9 Sunday night in San Diego.

Health Series Offered By Grossmont College

The opportunity to become acquaintet with the latest methods of maintaining good health will be offered in a series sponsored by Grossmont College's Office of Community Services and the San Diego County Library at 7:30 each Tuesday evening during October at the Ben Polak Fine Arts Center, 8053 University Ave. La Mesa, Titled "Here's To Your Health," the series will feature authorities on cardiac care, nutrition, acupuncture and the benefits of vitamins and physical fitness.

The public is invited to attend this series of programs that could increase their life span through a knowledge of proper exercise and diet. There is no charge for admission.

Looking At The League

All eight Grossmont League schools played their final non-league encounters last weekend prior to the beginning of the 1973 regular season that kicks-off tomorrow night at 8 p.m. The league, weaker from top to bottom than in years past, finished the two weeks of non-league action with a 9-7 overall mark.

In addition to Monte Vista's impressive 40-0 romp over Bonita Vista, three other teams claimed tune-up wins.

Granite Hills, one of the stronger teams in the league zipped past San Diego, 22-7, behind the flashy running of Larry Downs. Downs packed the pigskin 25 times for 178 yards and one touchdown. The Eagles were flying high at halftime with a 13-0 lead and charged into the final chapter with a 20-0 lead.

While Downs was having a big night for the Eagles, El Cajon's LeRoy McGee smashed the school rushing mark of 240 yards with 269 yards in 23 carries as the Braves scalped Mission Bay, 42-27. McGee's fine night included four touchdowns, giving him six in two games, and two two-point PAT's.

El Capitan was the fourth Grossmont District school to hit the victory column. The Vaqueros surprised Madison, 34-7, behind the play of Jay Hostetler and Joe Unden. Hostetler shredded the Warhawk defense for 101 yards and two touchdowns on 11 carries, while Unden hit six of 11 passes for 103 yards and one touchdown and scored himself on runs of 18 and two yards.

Mount Miguel, Santana, Grossmont and Helix were the four team that suffered losses. The Matadors fell to Sweetwater, 20-13, after racing to a 13-0 first half lead. Santana was blanked by Morse, 27-0, while Grossmont (0-2) dropped a close 21-14 decision to Kearny, one of the top-ranked teams in San Diego County. Helix, apparently destined for a so-so season, dropped their second straight game, bowing to Patrick Henry, 35-7. The Highlanders have scored only 13 points in two games, while surrendeing 51.

GC Water Polo Team Tastes First Defeat

After rolling up 10 straight wins to begin the 1973 water polo season, the Grossmont College Griffins were finally defeated Saturday by Orange Coast College, 10-9.

The Griffins built a 5-2 lead over the defending state champions in the first half only to blow a 9-8 advantage in the game's final 1:15.

In other action last week, the Griffins opened the Mission Conference season with back-to-back victories over San Bernardino Valley (14-3) and Saddleback (16-6). Grossmont also whipped Santa Barbara City, 19-6, in a Saturday game just prior to the Orange Coast contest.

"We had only about 45 minutes between the Santa Barbara game and the Orange Coast game" Griffin coach Dave Millovich said. "Our kids tired in the third quarter (OCC outscored the Griffins, 5-1, during that period). But we should've won."

The 10-game winning streak is the longest water polo string in the four-year history of the sport at Grossmont College. The 1971 Griffins won eight in a row en route to a 19-5 record.

Kids Story Hours

The Casa de Oro Library will treat the pre-school children to a series of story hours. They will be told by Josephine Pedersen on Wednesdays, Oct. 3 through 31, at 10 a.m.

All children between the ages of 3-5 are invited to come to the library and hear these stories. The Casa de Oro Library is located at 9628 Campo rd, phone: 463-3236.

Watch Out For Local Singer He's Watching What You Do

By Ed Grantham

Robert Milican may be watching you . . . and what he sees just might be the foundation for a new country song.

The young Lemon Grove dairy worker spends his spare time watching just plain people and putting their actions into words for country music.

He did just that recently when he wrote two new songs that will be released this week. "Making a million over you," and "Here's to the bottle," are Robert's new and first record releases.

A milk bottler at Lemon Grove's Miller Dairy, Robert has written many country songs and has about 16 ready to record. "It takes anywhere from 15 minutes to three weeks to write a song," he remarked as he told how he visits local shopping centers to watch the public's actions and then put them to words.

A former student at Mt. Miguel High School, Robert lives with his parents, Mr. and Mrs. Robert Milican Sr., at 15015 El Monte rd., Lakeside.

His working day at the dairy starts shortly after 5 a.m. and after performing in clubs until the 2 a.m. closing, this makes for a rough working day but he says that he loves every minute of it.

Robert hopes to have a second record ready for release in two months. He is backed up by the Memphis Six on his first record.

Writing songs and then singing them is Robert's love of life. He says his singing style ranges near that of Eddie Arnold but not just that, "I sing many styles of songs and what I write I keep for my own shows," he said.

What makes a 23-year-old want to sing country music when the majority of his school-age friends are surfing and dancing to the rock beat? "It's funny, he said, while in school everyone was making the modern scene and I was walking around in western gear and cowboy boots."

"Music is my life. I'm so wrapped up in it now that I just want to do one thing, write and sing. It's not the money, although I do want to make enough to get ahead and stay that way," he concluded.

So next time you see Robert Milican sitting at a shopping center, watch what you do or you might just become a subject of a new song.

The County Veterinarian reports that about 75,000 unwanted pets are put to sleep in San Diego County annually.

KIWANIS PRESIDENT — Mike Carlin, left, was installed as president of the Lemon Grove Kiwanis club at a ceremony Saturday night at Singing Hills Country club. Shown congratulating Carlin is Louis Poluzzi, immediate past president. Installed with Carlin were: Elmer Ringeisen, 1st vice president; The Rev. Mike Maxon, 2nd vice president; Gary Conrad, secretary, and Dick Norquist, treasurer. Installing officer was Ray Clancy, past lt. governor of District 11.

State General Fund Revenues Zooms Near A Billion Dollars

SACRAMENTO—State Controller Hugh Fluorney reported that State General Fund revenue receipts, responding to inflation, almost reached $1 billion during the first two months of the 1973-74 fiscal year.

"The rcord total of $987,617,129, cash receipts for July and August was led by the sales tax which was almost $90.6 million higher than the same months a year ago, and the personal income tax which was up $28.7 million," Flournoy said. "These reflect higher employment and wages, and increased sales and prices —much of it rooted in inflation.

"Interest earnings also scored a notable gain of almost $11.7 million over last year because there was more money to invest at interest rates that had reached 10.25 percent and averaged 7.308 percent on June 30, 1973 as compared to an average 4.576 percent a year earlier."

Flournoy said the personal income tax increase principally was attributable to a $26.7 million growth in payroll withholding over July and August of 1972. He also emphasized that the sales tax rereipts were based mostly on sales made during the last three months of Fiscal Year 1972-73. These receipts do not yet fully reflect the sales tax rate increase that bcame effective July 1 and which will be suspended for a six months period after Sept. 30.

He said that while General Fund receipts were racing $163,234,527 ahead of last year, the cash disbursements also grew apace to a total of $1,120,930,524 which was $251,447,432 ahead of 1972. Disbursements were $133,313,395 greater than receipts.

Major revenue sources produced the following receipts through August:

Sales tax, $465,902, (up $90,596,412 from 1972-73); personal income tax, $275,292,074 (up $28,744,235); bank and corporation franchise and income tax, $58,007,525 (up $5,752,783); inheritance tax, $36,482,864 (up $13,220,033); cigarette tax, $33,288,966 (up $7,415,164); insurance companies tax, $43,982,189 (up $2,337,675); liquor taxes and licenses, $18,797,071 (down $410,663); interest income $21,694,653 (up $11,663,891); horse racing revenue, $7,704,990 (up $711,749); health care receipts, $10,505,172 (up $1,695, 172); gift tax, $3,419,116 (down $382,365).

Major disbursements were in the following categories:

School apportionments, $381,870,000 (up $107,440,200); social welfare programs, $121,758,541 (down $3628,389); health care benefits, $133,467,854 (up $72, 058, 854); state universities and colleges, $66,117,363 (up $5,483,891); University of California, $55,534,796 (up $25,941,365); bond interest and redemption, $92,774,934 (up $25,564); senior citizens property tax relief, $45,668,830 (up $19,969,610).

Beef Prices Fall Council Says

The California Beef Council says consumers should soon be seeing a considerable reduction in retail beef prices. The price for live cattle has plummeted in the last few weeks and has reached December, 1972 levels. These are price levels that existed prior to the boycott and freeze.

Live cattle prices reached a high of 60c a pound in late August. Today's price is about 38c per pound. This is less than 2c above the 1972 average. Margins have reached a critical level.

The dramatic drop in prices has put cattle feeders in the unenviable position of now selling cattle at $100 to $150 per head loss. While market prices have dropped, the costs of production have not.

Grossmont College, U.S. Navy Sign Hospital Corps Pack

A new era of cooperation between education and the military has been realized under the terms of an agreement between Grossmont College and the Naval Hospital Corps School San Diego. The agreement signed by Capt. Russell E. Hunter, commanding officer, Naval Hospital Corps School, for the Navy and Dr. Robert N. Burnham, superintendent, Grossmont Community College District and Erv F. Metzgar, president, Grossmont College for the college, in a precedent setting ceremony that is expected to assist both the community and the Navy for any years.

Under the agreement, Armed Services enlisted personnel enrolled in the cardio-pulmonary technician program at the Naval Hospital Corps School, will participate in college level courses at Grossmont College leading to an associate degree. In return, the Naval Hospital Corps School will provide clinical training facilities located at the Naval Hospital San Diego for all Grossmont College students enrolled in the college's biomedical technology program.

Two years in the making, the agreement will provide Grossmont College students with the most modern clinical facilities available, as well as provide the opportunity for military enlisted personnel to obtain an associate degree while on active duty. The terms of the agreement were worked out by Dr. Willard E. Dellegar, coordinator of the college's biomedical technology program with Capt. Russell Hunter, commanding officer, Naval Hospital Corps School and LtCdr James Dalton, academic director, Naval Hospital Corps School. The agreement with renewal options included, officially commenced on September 1 and will run until June 30, 1975.

Dr. Dellegar, in commenting on the agreement, said: "The agreement is the first of its kind involving the military and a community college. It will mean a significant saving of tax dollars because the clinical facilities and classrooms will be used by both the Navy and Grossmont College and will not have to be duplicated by either. It would not be financially feasible for any community college in the nation to duplicate the facilities and expertise provided by the Naval Hospital Corps School under this agreement.

"The cooperation between Grossmont College and the Naval Hospital Corps School and the benefits derived by both the college and the Navy, will serve as a model and goal for other community colleges in the nation and may turn out to be a career incentive in an all-volunteer military force as enlisted personnel from the Army, Navy and Air Force enrolled in the Naval Hospital Corps School Cardio-Pulmonary Program will not be able to attend Grossmont College and work toward an associate in science degree while remaining on active duty."

Marijuana Seized In Spring Valley

SAN DIEGO (CNA) — Five men charged with being involved in a state-wide marijuana ring will go on trial tomorrow. Six local youngsters were also involved.

150 pounds of marijuana were seized in the parking lot of the Spring Valley Inn, 9034 Campo rd., Spring Valley on April 6 as it was reportedly being delivered to undercover agents of the state Bureau of Narcotics Enforcement.

The district attorney's office claims the material came from the home of Keith Webb du Pree, 34, 9341 Crest dr., Spring Valley. James Robert Sullivan, 29, Ronald Cliff Brown, 25, Thomas Gerald Micks, 29, and Calvin Arthur Laha, 37, all from out of town are the others on trial.

Records indicate that officers waiting at the Crest dr. address for a search warrant answered the telephone and made arrangements for the delivery of 430 pounds of marijuana. The three men who delivered it were also arrested as were six local young people all of whom gave the Crest dr. address. They are Terry Allen Luhr, 23, Pamela Marie Noll, 23, George L. Tomaszewski, 24, Ruth A. Tomaszewski, 20, Redarle Sue Baker, 18 and Jeffery Donald Shrin, 22.

San Diego County's population on January 1, 1973 was estimated at 1,519,000.

No. 69
Re Leasing of)
Real Property . . . .)

RESOLUTION OF INTENTION TO LEASE REAL PROPERTY OF THE COUNTY OF SAN DIEGO AND NOTICE INVITING BIDS TO LEASE

On motion of Supervisor Brown, seconded by Supervisor Bear, BE IT RESOLVED as follows:

1. This Board declares its intention to lease the real property located at 9960 Estrella Drive, Spring Valley, California 92077.

2. Said Lease shall be for a period of three years commencing October 16, 1973, and terminating October 15, 1976, unless sooner terminated in the manner provided in and by said lease.

3. Rental shall not be less than $210.00 per month, each month, in advance commencing October 16, 1973.

4. The terms of the Lease are set forth in Document No. 476446 on file in the Office of the Clerk of the Board of Supervisors, Room 306, County Administration Center, 1600 Pacific Coast Highway, San Diego, California 92101, to which document reference is made for further particulars.

BE IT FURTHER RESOLVED that sealed written proposals will be received at the office of this Board, Room 306, County Administration Center, 1600 Pacific Coast Highway, San Diego, California 92101, until 2:00 o'clock p.m. on October 9, 1973, at which time they will be publicly opened, examined, and delcared by this Board in its chambers in said building.

Each proposal must be accompanied by a certified or cashier"s check for an amount no less than the first monthly rental payment, payable to the order of the County of San Diego as a guarantee that the bidder, if successful will promptly execute and accept a lease for the stipulated term and upon the conditions set forth above for said premises; said check shall be applied on the initial monthly payment of rent for said premises upon execution and delivery of the lease; otherwise said check and proceeds thereof shall be declared forfeited by this Board.

Oral bids exceeding by a least five percent (5%) the highest written proposal submitted will likewise be received from responsible bidders at said meeting of this Board

This Board reserves the right to reject any and all bids or to waise any informality in the bidding.

BE IT FURTHESR RESOLVED that the Clerk of this Board is hereby directed to publish Notice of Intention to Lease Real Property by the procedure set forth in Section 73.11 of the Administrative Code of the County of San Diego pursuant to Section 25537 of the Government Code.
